LETTER FROM OUR PRINCIPAL

Dear Gardner Bullis Community Friends and Supporters,

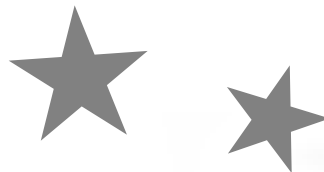

It is my pleasure to welcome you to the fun and excitement of “The Gardner Grammys!” I am overwhelmed with the commitment and dedication of you... parents, teachers and friends... for making this an event to remember! I know this will be a night to talk about for months to come.

Tonight you have the opportunity to actively support the programs and projects that provide our children with enriched educational experiences! Gardner Bullis is a place where students can explore their talents and nurture their excitement for learning. The contributions and efforts of our Gardner Bullis friends and families are essential in making teaching and learning an enriching adventure for our children.

I am proud to be a part of the Gardner Bullis community, where it is evident that community and education are priorities. Your support ensures that our children have creative learning experiences that prepare them for their future success!

Thank YOU for helping make it possible for our children to receive a high-quality and exciting education. Your partnership with the Los Altos School District and Gardner Bullis School is truly a priceless one.

Warmly,
Erica Gilbert

Welcome to THE GARDNER GRAMMYS!

We are so excited that you are here to help us celebrate Music's Biggest Night... Gardner Bullis style! Tonight we aim to use MUSIC as a means to bring the Gardner community together and focus on what is really important: our kids and their education.

This evening is a direct result of the overwhelming generosity from so many families, teachers, staff members and local businesses. I feel incredibly fortunate to be a part of a community that makes excellence in education its top priority and then does something to make it happen.

I need to express sincere appreciation and gratitude to "My Peeps" - the kick-butt, take-no-prisoners, supremely awesome Auction Crew who answered the call to once again spend every moment of their waking hours working on this event. They are an incredible group of people and it is my absolute pleasure to know them, work with them, and tonight, celebrate (and maybe even dance!) with them.

I also want to thank the Gardner Bullis teachers and staff, and our principal, Erica Gilbert. We place our children in your capable hands every day knowing that they are receiving your very best, and for that we thank you.

To every single Gardner Bullis Parent -- you know who you are! -- who welcomed with open arms the endless requests for stuff, parties, sponsorship, more stuff, more parties, time, materials, a ride, child care, a helping hand, and sometimes simple reassurance.... thank you from the bottom of my heart!

And to my children Catie and John, for whom I do all things, and who love Gardner Bullis School because it has become their home and a part of their extended family -- I hope that one day they will look back at all the good things tonight's party will bring to their beloved school and think, "Now I understand why Mom was at all those meetings!"

Finally, to all of you in attendance this evening, thank you for joining us and enjoy the night. Tonight, the GRAMMY goes to..... YOU! Bid high and bid often!

Nikki Selden

HEADS OR TAILS

Will you win an overnight stay in Monterey?

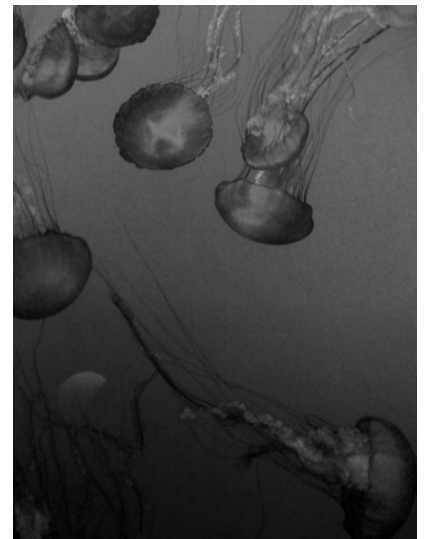

Play Heads or Tails. Buy one \$25 ticket per person to play.

THE GAME:

A wildly hilarious, interactive game that will have you on your feet hoping that your choice of heads or tails matches the toss of a coin! Buy a \$25 ticket and you may win one of the best prizes of all – a night in Monterey!

HOW TO PLAY:

Buy your ticket for \$25 at The Gardner Grammys. Each person can hold only one ticket. The Auctioneer will ask ticket holders to stand up and place their hands on either their “head” or “tail.” The Auctioneer will flip a coin and call either heads or tails. If the Auctioneer calls “heads,” for example, everyone with their hands on their heads remains standing and all others sit down. The following rounds proceed similarly, and at the end of the game, the lucky winner who remains standing walks away with a trip to Monterey! Try it....if luck has it, the winner could be you!

THE PRIZE:

Do you know the way to Monterey? Enjoy an overnight stay in an ocean view room at the fabulous InterContinental Clement Monterey Hotel located directly next door to the Monterey Bay Aquarium! This package also includes four passes to the Monterey Bay Aquarium, a gift certificate to the Aquarium’s Portola Cafe, a gift certificate to the Cannery Row Brewing Company, and a bottle of Moet & Chandon Imperial Champagne (only for Mom & Dad to share!).

300-kilowatt Solar Power System

Material Recovery Facility

Zanker Road Resource Management

this booklet is recyclable

GreenWaste Recovery, Inc.

has long been a global leader in the development of innovative solutions to address everyday environmental challenges – the recycling and disposal of solid waste. Operating since 1991, we are a locally based and privately owned company offering communities a unique suite of expertise and facilities to collect, process, market and reuse discarded materials.

REDUCE

Demonstrating our philosophy to be "*a brighter shade of green,*" we installed a **300-kilowatt 80,000 sq. ft. solar system** to power our expanded Material Recovery Facility where we process materials for diversion away from landfills. Harnessing the power of the sun, a clean renewable energy source, reduces our reliance on commercially generated electricity and is just one more example of our commitment to green technology and the value we place on environmental stewardship.

REUSE

We are committed to producing high quality products for reuse, providing green jobs and reducing the environmental impact of the communities in which we live and work. Together with our sister company, **Zanker Road Resource Management, Ltd.** we operate four unique and complimentary facilities to provide the most comprehensive services to address all solid waste and recycling needs. From the collection to the processing, recovery and marketing of materials, we have pioneered cost-effective and environmentally sound waste management solutions.

RECYCLE

Recognized as one of the most innovative processing facilities in the world, GreenWaste completed the installation of a "**state-of-the-art**" **Material Recovery Facility** in San Jose. This expansion has allowed us to achieve a recovery rate of 95% for recyclable materials and 75% for Municipal Solid Waste (MSW), resulting in huge volumes of material that are not buried in a landfill. GreenWaste is dedicated to innovation and adaptation to maximize recycling and recovery and ensure marketed materials are put to their "highest and best use."
